

COLORADO
Department of Public
Health & Environment

Dedicated to protecting and improving the health and environment of the people of Colorado

August 31, 2015

The Honorable Dan Nordberg
House of Representatives
Colorado General Assembly
State Capitol
Denver, Colorado 80203

RE: Response to August 26, 2015 Request

Dear Representative Nordberg:

As requested by Colorado Department of Public Health and Environment (CDPHE) Executive Director Dr. Larry Wolk, this letter responds to your August 26, 2015 request for an investigation of Planned Parenthood and its affiliates for alleged violations of Section 25-2-111.5 of the Colorado Revised Statutes.

Upon review of your letter, we note that your request is based solely on a reference to a brief and edited video distributed by the Center for Medical Progress. We appreciate your concerns and are committed to upholding the laws we are charged with enforcing. At this time, CDPHE has received insufficient information to commence an investigation. Should full, unedited, and raw footage, or other material evidence, be provided to CDPHE, the Department will consider such information and determine whether further action is warranted.

Please do not hesitate to contact me with any questions.

Ronald S. Hyman
State Registrar
