Re: His Healing Hands Church and Lansing Housing Commission

Dear Mr. Denney:

Be advised that I represent the Lansing Housing Commission, and this letter is in response to your FOIA request.

Since you are requesting records regarding the use of the community rooms for the last ten years, the cost is definitely in excess of \$50. Further, the cost would be in excess of \$50 if you requested only records for the last year as the Lansing Housing Commission does not have a storage retention policy which would allow easy access and low cost labor to access and provide that documentation to you.

The Lansing Housing Commission has had a long established policy that no religious services/programs may be held in its community buildings, consequently, the Housing Commission is not going to allow His Healing Hands Church to use its community center for religious purposes.

I will review the cases you have cited dealing with the issue of public housing and the use of public housing facilities for religious purposes.

Very truly yours,
